

Congregation Update

February 2022

Hello St. Christopher's!

As many of you know we are closing in on final repairs and renovation, after frozen pipes flooded much of our Education Wing and Nave, during the Snowmageddon days and night of February 14 through 19, 2021. It has been a long and arduous process, involving many members of this Church. My Thanks to everyone who pitched in to help organize and pull things back together. I thank God for each of you who helped hold things together just as it seemed they might fall apart.

As we approach Shrove Tuesday, Ash Wednesday and a season of Lenten reflection, we have a chance to sort out not only who we once were, but also who we will be in the next generation. It will take all of us, talking, imagining, and collaborating to move St. Christopher's forward. Many past habits and ideas will need to be renewed and remodeled, to meet the call of these new times, and of a new generation. To build our future, will require much conversation, love and effort, because what comes easy often doesn't last, and what lasts, rarely comes easy.

This Season, always a time of Holy Reflection, must also be our season of patient conversation and realistic visioning. God's hand is upon us, as we recover from COVID, and other stresses and begin to renew this place, our Parish Home.

Every blessing,

Fr. Steve
