

Calling all animal lovers!

Do you have a pet that had really meant quite something special in your life? Do you appreciate the special role in creation that God has assigned to our animal friends and companions? Ever wonder why pets can't receive communion, yet they always seem to have that special connection to God?

On Sunday, October 9th, at 9:30 am, St. Christopher's will have a special blessing of the animals service in our Parish Hall along with a (shortened) regular Sunday Eucharist Service.

Bring your special animal (or even, in the case of the very young, their special stuffed animal), along with a can of pet food, or a bag of treats that we may donate to the local animal shelters. The service is short, and will include a reading from scripture, a prayer, Communion, and a blessing of each animal who can attend. St. Francis Medals will be given so that your pet may carry their blessing with them on a collar or leash.

A certificate will be given out with each pet's name on it, signed by the priest.

Hope to see you there!
